General Principles

In accordance with the *Accessibility Standards for Customer Service, Ontario Regulation 429/07*, this policy addresses the following:

- A. The Provision of Goods and Services to Persons with Disabilities;
- B. The Use of Assistive Devices
- C. The Use of Guide Dogs, Service Animals and Service Dogs
- D. The Use of Support Persons
- E. Notice of Service Disruptions
- F. Customer Feedback
- G. Training
- H. Notice of Availability and Format of Required Documents

A. The Provision of Goods and Services to Persons with Disabilities

Insureit Group Inc. will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all customers receive the same value and quality;
- allowing customers with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that customers with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the customer's disability.

B. Assistive Devices

Customer's own assistive device(s):

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by Insureit Group Inc.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a customer with an oxygen tank may involve ensuring the customer is in a location that would be considered safe for both the customer and business. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the customer.

C. Guide Dogs, Service Animals and Service Dogs

A customer with a disability that is accompanied by guide dog, service animal or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law. "No pet" policies do not apply to guide dogs, service animals and/or service dogs.

Food Service Areas:

A customer with a disability that is accompanied by guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law.

Other types of service animals are not permitted into food service areas due to the *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*.

Exclusion Guidelines:

If a guide dog, service animal or service dog is excluded by law (see applicable laws below) Insureit Group Inc. will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

Applicable Laws:

Food Safety and Quality Act 2001, Ontario Regulation 31/05: Animals not intended for slaughter or to be euthanized are not allowed in any area or room of a meat plant. It also makes an exception for service dogs to allow them in those areas of a meat plant where food is served, sold or offered for sale to customers and in those areas that do not contain animals or animal parts and are not used for the receiving, processing, packaging, labelling, shipping, handling or storing of animals or parts of animals.

The *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs to go into places where food is served, sold or offered for sale. However, other types of service animals are not included in this exception.

Dog Owners' Liability Act, Ontario: If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pitbulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

Recognizing a Guide Dog, Service Dog and/or Service Animal:

If it is not readily apparent that the animal is being used by the customer for reasons relating to his or her disability, Insureit Group Inc. may request verification from the customer.

Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability;
- a valid identification card signed by the Attorney General of Canada; or,
- a certificate of training from a recognized guide dog or service animal training school.

Care and Control of the Animal:

The customer that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all time.

Allergies:

If a health and safety concern presents itself for example in the form of a severe allergy to the animal, Insureit Group Inc. will make all reasonable efforts to meet the needs of all individuals.

D. Support Persons

If a customer with a disability is accompanied by a support person, Insureit Group Inc. will ensure that both persons are allowed to enter the premises together and that the customer is not prevented from having access to the support person.

There may be times where seating and availability prevent the customer and support person from sitting beside each other. In these situations Insureit Group Inc. will make every reasonable attempt to resolve the issue.

In situations where confidential information might be discussed, consent will be obtained from the customer, prior to any conversation where confidential information might be discussed.

Admission Fees:

If payment is required by a support person for admission to the premises Insureit Group Inc. will ensure that notice is given in advance by posting notice of admission fees for support persons where Insureit Group Inc. fees are posted.

E. Notice of Disruptions in Service

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of Insureit Group Inc. In the event of any temporary disruptions to facilities or services that customer's with disabilities rely on to access or use Insureit Group Inc.'s goods or services, reasonable efforts will be made to provide advance notice. In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible.

Notifications will Include:

In the event that a notification needs to be posted the following information will be included unless it is not readily available or known:

- goods or services that are disrupted or unavailable
- reason for the disruption
- anticipated duration
- a description of alternative services or options

Notifications Options:

When disruptions occur Insureit Group Inc. will provide notice by:

- posting notices in conspicuous places including at the point of disruption, at the main entrance and the nearest accessible entrance to the service disruption and/or on the Insureit Group Inc.'s website;
- contacting customers with appointments;
- verbally notifying customers when they are making a reservation or appointment; or
- by any other method that may be reasonable under the circumstances.

F. Emergency and Public Safety Information

Emergency and public safety information refers to the emergency plans and procedures that an organization develops "before" an emergency occurs.

At Insureit Group Inc. all employees, regardless of Branch location, will be trained on the evacuation procedure, including specific provisions for people requiring assistance, including our customers. In addition, information will be provided on how to work the alarm system and information will be provided about other incidents that may threaten life, property, operations or the environment.

G. Feedback Process

Insureit Group Inc. shall provide customers with the opportunity to provide feedback on the service provided to customers with disabilities. Information about the feedback process will be readily available to all customers and notice of the process is available on Insureit Group Inc.'s website. There are many methods for which to provide feedback. For example, feedback can be provided verbally, either in person or by telephone or in written format, such as a hand written note, letter delivered by mail or by email. See Page 7 for contact information.

Customers that provide formal feedback will receive acknowledgement of their feedback, along with any resulting actions based on concerns or complaints that were submitted.

In addition, each employee will sign and date the "Acknowledgement and Agreement" found on Page 9, which will then become part of the employees personnel file.

Notice of Availability and Format of Documents
